Even with health insurance, a stay in the hospital can become costly quickly as out-of-pocket charges begin to add up. Hospital Indemnity Insurance can reduce the financial and emotional stress of a hospital stay by providing a lump-sum cash benefit directly to you that can be used however you need, whether that's for coinsurance or childcare. This benefit is paid in addition to what your medical plan may provide and is available for you, your spouse, and your children and can be used regardless of pre-existing conditions, without undergoing a health exam.
