TWO QUESTIONS THAT CAN HELP YOU SAVE

"Is a coupon or covered generic an option?"

Ask your doctor or pharmacist if there is a coupon available for your medication (i.e. SaveOn, GoodRx), or if a generic version is available.

"Can I get a 90-day supply?"

For a covered generic, $24 for 90 days is less than three $12, 30-day fills ($36). Ask whether it fits your prescription.
